

AGENDA

MIDDLE FORK PROJECT FINANCE AUTHORITY

Thursday, October 17, 2024 10:00 AM, Regular Meeting

American River Room 144 Ferguson Road Auburn, California

Members of the Board of Directors:

PLACER COUNTY WATER AGENCY

Primo Santini, District 2

Mike Lee, District 3, Chair

A. Call to Order

- 1. Roll Call
- 2. Pledge of Allegiance
- 3. Announcements, Introductions, and Recognitions

B. Public Comment

This is the time for any member of the public to address the Board of Directors on any matter not on the agenda that is within the subject matter jurisdiction of the Authority. Members of the public are requested to come to the podium and use the microphone. Comments shall be limited to five minutes per person, or such other time limit as may be imposed by the Chair, in order to enable the Board to complete its agenda within a reasonable period of time.

C. Agenda Changes and Review

D. Consent Calendar

All items listed under the consent calendar are considered to be routine and may be approved by one motion.

- 1. Consider approving the July 18 and September 11, 2024, minutes.
- 2. Consider approving a contract with Davis Farr LLP in an amount not to exceed \$7,189 to provide financial statement auditing services for the year ending December 31, 2024.
- 3. Receive and file Treasurer's Investment Reports for the months ending July 31, 2024, August 31, 2024, and September 30, 2024.
- 4. Receive and file Check Register 24-04 expenses disbursed.

COUNTY OF PLACER

Jim Holmes, District 3, Vice-Chair

Cindy Gustafson, District 5

E. General Items

- 1. Receive report on 2024 Budget and Actual Schedules for the period ended September 30, 2024.
- 2. Consider approving the following items:
 - a. The Proposed 2025 Middle Fork Project Finance Authority Budget; and
 - b. Direct any and all additional 2024 Revenue over Expenditures and Appropriations to fund reserves.

F. Reports by Directors

In Accordance with Government Code Section 54954.2(a), Directors may make brief announcements or brief reports on their own activities. They may ask questions for clarification, make a referral to staff or take action to have staff place a matter of business on a future agenda.

- G. Reports by General Counsel
- H. Reports by Secretary
- I. Reports by Executive Director
- J. Adjournment

THE NEXT RESOLUTION NUMBER IS 24-04

The administrative affairs of the MFP Finance Authority are managed by PCWA. Inquiries regarding the MFP Finance Authority should be directed to the PCWA General Manager's office (530) 823-4860 for reply.

The meeting room is accessible to persons with disabilities. If you are hearing impaired, we have listening devices available upon request. If you require additional disability-related modifications or accommodations, including auxiliary aids or services, please contact the Clerk of the Board at (530) 823-4860. All requests must be received by the Clerk no later than 12:00 PM on the Monday preceding the meeting to enable the Agency to make reasonable arrangements to ensure accessibility to this meeting. Requests received after that time will be accommodated only if time permits.

In accordance with Government Code Section 54954.2 this notice and agenda was posted on the Agency's website at www.pcwa.net/board-of-directors/mfpfa-meeting-agendas, and on the Agency's outdoor bulletin board at the Placer County Water Agency Business Center at 144 Ferguson Road, Auburn, California, on or before October 11, 2024.

Any writing that is a public record under the Public Records Act that relates to an agenda item for an open session of the Board meeting that is distributed less than 72 hours prior to the meeting will be made available for public inspection at the time the writing is distributed to any Board members. Also, any such writing will be available for public inspection at the Agency's office located at 144 Ferguson Road, Auburn, California, during normal business hours. Contracts that are on the agenda are on file with the Clerk to the Board and available for review upon request.

Schedule of Upcoming Meetings

Thursday, January 16, 2025, 10:00 a.m. - Regular Board of Directors' meeting at Placer County Water Agency Business Center, 144 Ferguson Road, Auburn, California.

Thursday, April 17, 2025, 10:00 a.m. - Regular Board of Directors' meeting at Placer County Water Agency Business Center, 144 Ferguson Road, Auburn, California.

MEMORANDUM

TO: Middle Fork Project Finance Authority

FROM: Joseph H. Parker, CPA, Treasurer

DATE: October 3, 2024

RE: Financial Statement Audit Services for the year ending December 31, 2024

RECOMMENDATION:

Approve a contract with Davis Farr LLP in an amount not to exceed \$7,189 to provide financial statement auditing services for the year ending December 31, 2024.

BACKGROUND:

Attached herewith is the engagement letter (contract) from Davis Farr LLP dated October 3, 2024, to provide the Authority with financial statement auditing services for the year ending December 31, 2024.

The Agency has a practice to solicit for financial statement audit services every five years which is a process overseen by the Agency's Audit Committee. In 2021 the audit service RFP was sent to 25 potential firms, which requested their qualifications and annual price bids for 5 years (years ending 2021 – 2025). Davis Farr LLP was selected to be the auditors for Placer County Water Agency. Because PCWA maintains the books and records of the Authority and the internal control environment is the same, the Authority's Policy states that PCWA's auditors will audit the Authority's financial statements. The December 31, 2024 year-end financial statement audit will be the 10th year Davis Farr LLP has served as the Authority's audit firm however in 2021 the Audit partner was rotated as required by Government Auditing Standards.

DISCUSSION:

The engagement letter discusses more specifics regarding the scope of work Davis

Farr LLP will perform during their financial statement audit. Accompanying their engagement letter and as required by Government Auditing Standards, Davis Farr LLP has provided the Authority with a copy of their most recent quality control review report for the year ended May 31, 2022.

We are anticipating the 2024 financial statement audit to commence with interim fieldwork in December 2024 and final fieldwork in March 2025 with the conclusion of the auditing, reporting and financial statements in April 2025. The audited financial statements will be submitted to the Board once the audit is completed.

FISCAL IMPACT:

The attached engagement letter sets forth a fixed fee totaling \$7,189 for the Authority's 2024 financial statement audit.

October 3, 2024

Middle Fork Project Financing Authority 144 Ferguson Road Auburn, CA 95603

We are pleased to confirm the arrangements of our engagement and the nature of the services we will provide Middle Fork Project Financing Authority (the "Entity").

You have requested that we audit the financial statements of the Entity, as of December 31, 2024, and for the year then ended and the related notes, which collectively comprise the Entity's basic financial statements as listed in the table of contents.

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America (GAAS) and, if applicable, in accordance with Government Auditing Standards, and/or any state or regulatory audit requirements will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Accounting principles generally accepted in the United States of America, (U.S. GAAP,) as promulgated by the Governmental Accounting Standards Board (GASB) require that certain required supplementary information ("RSI") such as management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the required supplementary information (RSI) in accordance with auditing standards generally accepted in the United States of America, (U.S. GAAS). These limited procedures will consist primarily of inquiries of management regarding their methods of measurement and presentation, and comparing the information for consistency with management's responses to our inquiries. We will not express an opinion or provide any form of assurance on the RSI. The following RSI is required by U.S. GAAP. This RSI will be subjected to certain limited procedures but will not be audited:

1. Management's Discussion and Analysis

Auditor Responsibilities

We will conduct our audit in accordance with GAAS and in accordance with Government Auditing Standards. As part of an audit in accordance with GAAS and in accordance with Government Auditing Standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design
 audit procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of the entity's internal control.² However,
 we will communicate to you in writing concerning any significant deficiencies or
 material weaknesses in internal control relevant to the audit of the financial statements
 that we have identified during the audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Entity's ability to continue as a going concern for a reasonable period of time.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements may not be detected exists, even though the audit is properly planned and performed in accordance with GAAS and in accordance with Government Auditing Standards.

Our responsibility as auditors is limited to the period covered by our audit and does not extend to any other periods.

Compliance with Laws and Regulations

As previously discussed, as part of obtaining reasonable assurance about whether the basic financial statements are free of material misstatement, we will perform tests of the Entity's compliance with the provisions of applicable laws, regulations, contracts, and agreements. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion.

Management Responsibilities

Our audit will be conducted on the basis that management acknowledge and understand that they have responsibility:

- a. For the preparation and fair presentation of the basic financial statements in accordance with accounting principles generally accepted in the United States of America;
- b. For the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of basic financial statements that are free from material misstatement, whether due to error, fraudulent financial reporting, misappropriation of assets, or violations of laws, governmental regulations, grant agreements, or contractual agreements; and
- c. To provide us with:
 - i. Access to all information of which management is aware that is relevant to the preparation and fair presentation of the basic financial statements such as records, documentation, and other matters;
 - ii. Additional information that we may request from management for the purpose of the audit;
 - iii. Unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence.
 - iv. A written acknowledgement of all the documents that management expects to issue that will be included in the annual report and the planned timing and method of issuance of that annual report; and
 - v. A final version of the annual report (including all the documents that, together, comprise the annual report) in a timely manner prior to the date of the auditor's report.
- d. For including the auditor's report in any document containing basic financial statements that indicates that such basic financial statements have been audited by us;
- e. For identifying and ensuring that the entity complies with the laws and regulations applicable to its activities;
- f. For adjusting the basic financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the current year period(s) under audit are immaterial, both individually and in the aggregate, to the basic financial statements as a whole; and
- g. For acceptance of nonattest services, including identifying the proper party to oversee nonattest work;
- h. For maintaining adequate records, selecting and applying accounting principles, and safeguarding assets;
- For informing us of any known or suspected fraud affecting the entity involving management, employees with significant role in internal control and others where fraud could have a material effect on the financials; and
- j. For the accuracy and completeness of all information provided.

With regard to the supplementary information referred to above, you acknowledge and understand your responsibility: (a) for the preparation of the supplementary information in accordance with the applicable criteria; (b) to provide us with the appropriate written representations regarding supplementary information; (c) to include our report on the supplementary information in any document that contains the supplementary information and that indicates that we have reported on such supplementary information; and (d) to present the supplementary information with the audited basic financial statements, or if the supplementary information will not be presented with the audited basic financial statements, to make the audited basic financial statements readily available to the intended users of the supplementary information no later than the date of issuance by you of the supplementary information and our report thereon.

As part of our audit process, we will request from management, written confirmation concerning representations made to us in connection with the audit.

Nonattest Services

With respect to any nonattest services we perform,

At the end of the year, we agree to perform the following:

 Propose adjusting or correcting journal entries detected during the audit, if applicable, to be reviewed and approved by the Entity's management.

We will not assume management responsibilities on behalf of the Entity. However, we will provide advice and recommendations to assist management of the Entity in performing its responsibilities.

The Entity's management is responsible for (a) making all management decisions and performing all management functions; (b) assigning a competent individual to oversee the services; (c) evaluating the adequacy of the services performed; (d) evaluating and accepting responsibility for the results of the services performed; and (e) establishing and maintaining internal controls, including monitoring ongoing activities.

Our responsibilities and limitations of the nonattest services are as follows:

- We will perform the services in accordance with applicable professional standards
- The nonattest services are limited to the services previously outlined. Our firm, in its sole professional judgment, reserves the right to refuse to do any procedure or take any action that could be construed as making management decisions or assuming management responsibilities, including determining account coding and approving journal entries.

Reporting

We will issue a written report upon completion of our audit of the Entity's basic financial statements. Our report will be addressed to the Board of Directors of the Entity. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph(s) to our auditor's report, or if necessary, withdraw from the engagement. If our opinions on the basic financial statements are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue a report as a result of this engagement.

In accordance with the requirements of Government Auditing Standards, we will also issue a written report describing the scope of our testing over internal control over financial reporting and over compliance with laws, regulations, and provisions of grants and contracts, including the results of that testing. However, providing an opinion on internal control and compliance will not be an objective of the audit and, therefore, no such opinion will be expressed.

Preparation of State Controller's Report

You have requested that we prepare the Financial Transactions Report Financial Statements ("FTR"). The FTR will not include related notes to the financial statements.

The objective of our engagement is to prepare the FTR in accordance with the California State Controller's Office Instructions based on information provided by you. We will conduct our engagement in accordance with Statements on Standards for Accounting and Review Services (SSARSs) promulgated by the Accounting and Review Services Committee of the AICPA and comply with the AICPA's Code of Professional Conduct, including the ethical principles of integrity, objectivity, professional competence, and due care.

We are not required to, and will not, verify the accuracy or completeness of the information you will provide to us for the engagement or otherwise gather evidence for the purpose of expressing an opinion or a conclusion. Accordingly, we will not express an opinion or a conclusion or provide any assurance on the FTR.

Our engagement cannot be relied upon to identify or disclose any FTR misstatements, including those caused by fraud or error, or to identify or disclose any wrongdoing within the Entity or noncompliance with laws and regulations. The engagement to be performed is conducted on the basis that management acknowledges and understands that our role is to prepare the FTR in accordance with the State Controller's Office Instructions. Management has the following overall responsibilities that are fundamental to our undertaking the engagement to prepare your FTR in accordance with SSARSs:

- a. The selection of accounting principles generally accepted in the United States of America as the financial reporting framework to be applied in the preparation of the financial statements
- b. The design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error
- c. The prevention and detection of fraud.
- d. To ensure that the Entity complies with the laws and regulations applicable to its activities
- e. The accuracy and completeness of the records, documents, explanations, and other information, including significant judgments, you provide to us for the engagement to prepare financial statements
- f. To provide us with:
- i. Documentation, and other related information that is relevant to the preparation and presentation of the financial statements
- ii. Additional information that may be requested for the purpose of the preparation of the financial statements, and
- iii. Unrestricted access to persons within the Entity of whom we determine necessary to communicate.

As part of our engagement, we will issue a disclaimer that will state that the FTR was not subjected to an audit, review, or compilation engagement by us and, accordingly, we do not express an opinion, a conclusion, nor provide any assurance on them.

Engagement Fees

Our our fixed fees for the services previously outlined are as follows:

Financial Statement Audit \$6,056State Controller's Report $\frac{1,133}{$7,189}$

Additionally, our fees are dependent on the availability, quality, and completeness of the Entity's records and, where applicable, upon the Entity's personnel providing the level of assistance identified in the "prepared by client" request list distributed at the end of our planning work (e.g., Entity employees preparing confirmations and schedules we request, locating documents selected by us for testing, etc.).

Should our assumptions with respect to these matters be incorrect, or should the condition of the records, degree of cooperation, or other matters beyond our reasonable control require additional commitments by us beyond those upon which our estimated fees are based, we may adjust our fees and planned completion dates. If significant additional time is necessary, we will discuss it with management and arrive at a new fee estimate as soon as reasonably practicable.

Other Engagement Matters

During the course of the engagement, we may communicate with you or your personnel via fax or e-mail, and you should be aware that communication in those mediums contains a risk of misdirected or intercepted communications.

Enclosed, as required by *Government Auditing Standards*, is a copy of the report on the most recent peer review of our firm.

Government Auditing Standards require that we document an assessment of the skills, knowledge, and experience of management, should we participate in any form of preparation of the basic financial statements and related schedules or disclosures as these actions are deemed a non-audit service.

Jonathan Foster, CPA, is the engagement partner responsible for supervising the engagement and signing the report.

During the course of the audit we may observe opportunities for economy in, or improved controls over, your operations. We will bring such matters to the attention of the appropriate level of management, either orally or in writing.

You agree to inform us of facts that may affect the basic financial statements of which you may become aware during the period from the date of the auditor's report to the date the financial statements are issued.

We agree to retain our audit documentation or work papers for a period of at least seven years from the date of our report.

At the conclusion of our audit engagement, we will communicate to the Board of Directors the following significant findings from the audit:

• Our view about the qualitative aspects of the entity's significant accounting practices;

- Significant difficulties, if any, encountered during the audit;
- Uncorrected misstatements, other than those we believe are trivial, if any;
- Disagreements with management, if any;
- Other findings or issues, if any, arising from the audit that are, in our professional judgment, significant and relevant to those charged with governance regarding their oversight of the financial reporting process;
- Material, corrected misstatements that were brought to the attention of management as a result of our audit procedures;
- Representations we requested from management;
- Management's consultations with other accountants, if any; and
- Significant issues, if any, arising from the audit that were discussed, or the subject of correspondence, with management.

The audit documentation for this engagement is the property of Davis Farr LLP and constitutes confidential information. However, we may be requested to make certain audit documentation available to regulatory agencies pursuant to authority given to it by law or regulation, or to peer reviewers. If requested, access to such audit documentation will be provided under the supervision of Davis Farr LLP's personnel. Furthermore, upon request, we may provide copies of selected audit documentation to regulatory agencies. The regulatory agencies may intend, or decide, to distribute the copies of information contained therein to others, including other governmental agencies.

Please sign and return the attached copy of this letter to indicate your acknowledgment of, and agreement with, the arrangements for our audit of the basic financial statements including our respective responsibilities.

We appreciate the opportunity to provide these services and believe this letter accurately summarizes the significant terms of our engagement. Very truly yours, Jonathan Foster, Partner Davis Farr LLP The services and arrangements described in this letter are in accordance with our understanding and are acceptable to us. Middle Fork Project Financing Authority Ву_____ **Executive Director** Treasurer Date_____ Date____

Report on the Firm's System of Quality Control

Davis Farr LLP

and the Peer Review Committee of the California Society of CPAs

We have reviewed the system of quality control for the accounting and auditing practice of Davis Farr LLP (the firm) in effect for the year ended May 31, 2022. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants (Standards).

A summary of the nature, objectives, scope, limitations of, and the procedures performed in a System Review as described in the Standards may be found at www.aicpa.org/prsummary. The summary also includes an explanation of how engagements identified as not performed or reported on in conformity with applicable professional standards, if any, are evaluated by a peer reviewer to determine a peer review rating.

Firm's Responsibility

The firm is responsible for designing and complying with a system of quality control to provide the firm with reasonable assurance of performing and reporting in conformity with the requirements of applicable professional standards in all material respects. The firm is also responsible for evaluating actions to promptly remediate engagements deemed as not performed or reported on in conformity with the requirements of applicable professional standards, when appropriate, and for remediating weaknesses in its system of quality control, if any.

Peer Reviewer's Responsibility

Our responsibility is to express an opinion on the design of and compliance with the firm's system of quality control based on our review.

Required Selections and Considerations

Engagements selected for review included engagements performed under Government Auditing Standards, including a compliance audit under the Single Audit Act; and examination of a service organization (SOC 1 engagement).

As part of our peer review, we considered reviews by regulatory entities as communicated by the firm, if applicable, in determining the nature and extent of our procedures.

Peer Review Report Page 2 of 2

Opinion

In our opinion, the system of quality control for the accounting and auditing practice of Davis Farr LLP in effect for the year ended May 31, 2022, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Firms can receive a rating of *pass*, *pass with deficiency(ies)* or *fail*. Davis Farr LLP has received a peer review rating of *pass*.

Treasurer's Discussion

Middle Fork Project Finance Authority Treasurer's Report

July 31, 2024

This Treasurer's Report includes three sections: 1. Portfolio Summary, 2. Portfolio Details – Investments, and 3. Activity by Type for the prior month.

For the purpose of clarification, the following definitions of investment terms are provided:

Book Value is the purchase price of a security plus amortization of any premium or discount. This may be more or less than face value depending upon whether the security was purchased at a premium or at a discount.

Par (Face) Value is the principal amount of a security and the amount of principal that will be paid at maturity.

Market Value is the value at which a security can be sold at the time it is priced including accrued interest. Individual securities market prices are obtained from US Bank, (safekeeper and third-party custodian). Market values are only relevant if the investment is sold prior to maturity. A gain or loss would be realized only if the specific investment were to be sold. It is the Authority's practice to hold to maturity.

The investments held in the portfolio are in accordance with the Investment Policy of Middle Fork Project Finance Authority and California Government Code.

Treasurer's Discussion

Middle Fork Project Finance Authority Treasurer's Report

August 31, 2024

This Treasurer's Report includes three sections: 1. Portfolio Summary, 2. Portfolio Details – Investments, and 3. Activity by Type for the prior month.

For the purpose of clarification, the following definitions of investment terms are provided:

Book Value is the purchase price of a security plus amortization of any premium or discount. This may be more or less than face value depending upon whether the security was purchased at a premium or at a discount.

Par (Face) Value is the principal amount of a security and the amount of principal that will be paid at maturity.

Market Value is the value at which a security can be sold at the time it is priced including accrued interest. Individual securities market prices are obtained from US Bank, (safekeeper and third-party custodian). Market values are only relevant if the investment is sold prior to maturity. A gain or loss would be realized only if the specific investment were to be sold. It is the Authority's practice to hold to maturity.

The investments held in the portfolio are in accordance with the Investment Policy of Middle Fork Project Finance Authority and California Government Code.

Treasurer's Discussion

Middle Fork Project Finance Authority Treasurer's Report

September 30, 2024

This Treasurer's Report includes three sections: 1. Portfolio Summary, 2. Portfolio Details – Investments, and 3. Activity by Type for the prior month.

For the purpose of clarification, the following definitions of investment terms are provided:

Book Value is the purchase price of a security plus amortization of any premium or discount. This may be more or less than face value depending upon whether the security was purchased at a premium or at a discount.

Par (Face) Value is the principal amount of a security and the amount of principal that will be paid at maturity.

Market Value is the value at which a security can be sold at the time it is priced including accrued interest. Individual securities market prices are obtained from US Bank, (safekeeper and third-party custodian). Market values are only relevant if the investment is sold prior to maturity. A gain or loss would be realized only if the specific investment were to be sold. It is the Authority's practice to hold to maturity.

The investments held in the portfolio are in accordance with the Investment Policy of Middle Fork Project Finance Authority and California Government Code.

MEMORANDUM

TO: Middle Fork Project Finance Authority

FROM: Joseph H. Parker, CPA, Treasurer

DATE: October 1, 2024

RE: 2024 Budget and Actual Schedules for the Period Ended September 30,

2024

RECOMMENDATION:

Receive report on 2024 Budget and Actual Schedules for the period ended September 30, 2024.

BACKGROUND:

Through the period ended September 30, 2024, revenue and other financing sources totals \$92.6 million with operating expenditures and capital appropriations totaling \$48.9 million.

DISCUSSION:

See transmittal included within the 2024 Budget and Actual Schedules for the period ended September 30, 2024 for more details and analysis.

TO: Board of Directors Middle Fork Project Finance Authority

FROM: Joseph H. Parker, CPA, Treasurer

DATE: October 17, 2024

RE: 2024 Budget and Actual Schedules for the Period Ended September 30, 2024

Recommended Action:

Receive 2024 Budget and Actual Schedules for the period ended September 30, 2024.

September 30, 2024 Revenue Budget Report:

September 30th marks the end of the 2024 water year, which had a slow start with late winter and early spring storms, resulting in a below normal year with precipitation at 86% of average. By the April snow survey, the snowpack's water equivalent was recorded at 108% of average and runoff was very close to average for the water year. As of September, reservoir storage measured at 172,000 acre-feet.

For the period ended September 30, 2024, Energy Sales totaled \$35.6 million, which is \$8.9 million, or 34% above the year-to-date budgeted amount. Energy generation from January through September totaled 785,000 MWh, or 15% above the annual budgeted amount of 680,000 MWh. In addition, Energy Products revenue comprised of Resource Adequacy, Renewable Energy Credits and Carbon Free, is \$6.7 million above budgeted revenue. The reason for this favorable variance is additional carbon free energy was sold at current market price.

Expenditure Budget Report

Operating

Power Division Operating expenditures are favorable at \$4 million, or 17% below the budget for the period ended September 30, 2024. The favorable variance is expected to decrease as the bulk of the annual field work continues into the fall season, however there may be some favorable variances resulting from year-to-date savings in general maintenance and consulting expenses.

Capital Projects

As of September 30, 2024, \$24.1 million of the \$45.1 million adopted 2024 capital projects budget has been funded. It is anticipated that the remainder of the capital projects will be funded by year-end.

Attached for the Board's information are the 2024 Budget and Actual schedules for the period ended September 30, 2024 as follows:

MFP Finance Authority Budget Schedule with Note References — This schedule summarizes the 2024 adopted and adjusted budgets, proposed and approved budget amendments and the adjusted September 30, 2024, year-to-date budget.

MFP Finance Authority Budget and Actual Schedule with Discussion of Variances – This schedule summarizes the MFP Finance Authority financial activity for the period ended September 30, 2024 with the adjusted year-to-date budget and year-to-date actual activity noting variances between the two amounts with referenced explanations.

<u>MFP Finance Authority Reserve Schedule</u> – This schedule summarizes the MFP Finance Authority reserve account activity through September 30, 2024 and indicates the full funding target for each reserve account.

<u>PCWA MFP Capital Projects</u> – This schedule summarizes the Project-to-Date Budget and Expenses through September 30, 2024. PCWA manages and administers these projects and are included because they are funded by the MFP Finance Authority. As the scope of these activities is multi-year, the budget and expense information is included.

2024 Budget Schedule Note References For the Period Ended September 30, 2024

Note 1: Revenues and Other Financing Sources

The MFPFA **Power Sales** budget includes the resource adequacy (RA), carbon free and renewable energy credit (REC) sales amounts based on bi-lateral contracts and energy sales on 80% of average generation, and projected energy prices. The Power Sales amounts have been determined by Energy Marketing projections based on anticipated sales of resource adequacy, carbon free, renewable energy credits and estimated energy sales for January 1 to December 31, 2024.

- **Note 2:** The **Capital Projects** adopted budget totals \$45.1 million and \$24.1 million has been funded to date.
- **Note 3:** As the **Reserve Accounts** are used or target funding is revised, replenishment or funding shall be performed at year-end in accordance with the Authority General Financial Policies.
- **Note 4:** There are no **Budget Adjustment and Transfers** to report to the Board for the period ended September 30, 2024.

Note: See 2024 Budget to Actual Variances discussion on the following page.

Budget and Actual Schedule Discussion of 2024 Budget to Actual Variances For the Period Ended September 30, 2024

<u>Ref</u> Revenues and Other Financing Sources:

A Power Sales Revenue – The Power Sales revenue is subject to significant volatility due to variations in hydrology, energy market prices and a variety of other factors. Energy Sales revenue for the period ended September 30, 2024 is \$35.6 million, 34% above budgeted revenue. Energy Products revenue is \$23.4 million, 40% above budgeted revenue, as a result of additional carbon free energy sold at market price.

Interest Income – Interest income for the period ended September 30, 2024 is 510% above the year-to-date budgeted amount because of high interest rates and conservative budgeting.

Expenditures:

- **B** Administration is under budget for the period ended September 30, 2024 by 62%.
- C PCWA Power Division Operating is under budget by 17% through the period ended September 30, 2024. The overall favorable variance is expected to decrease as the bulk of the annual field work continues into the fall season.
- **D Debt Service** was paid in February in an amount totaling \$5.4 million. This is the amount of annual debt service required to continue the debt service pre-funding program included in the 2024 adopted budget.

Capital Projects:

E Appropriations for the 2024 Capital Projects have been funded at \$24.1 million. Funding of the remaining appropriations will be funded from the remaining 2023 carryover and current year revenues.

Reserve Schedule For the Period Ended September 30, 2024

	2024 Target A	Beginning Balance January 1, 2024 B	Year-to-Date Activity C	Balance September 30, 2024 D=B+C	Amount Needed to Fund Target E=A-D
Operating Reserve	\$ 31,715,651	31,715,651	-	31,715,651	-
Emergency Reserve	40,000,000	23,377,471	-	23,377,471	16,622,529
Capital Reserve	 81,000,000	3,856,589	-	3,856,589	77,143,411
Total	\$ 152,715,651	58,949,711	-	58,949,711	93,765,940

Notes:

General Note:

The reserve accounts are funded in accordance with the Authority's General Financial Policies after the year-end closing process and before any distributions of Net Revenue.

Operating Reserve:

The **Operating Reserve** funding target is one year of operating expenditures, currently set at \$31.7 million. The Operating Reserve account is to provide readily available cash to operate the MFP under conditions of significantly reduced revenue due to hydrology, energy prices and/or prolonged outages or unanticipated variations in expenses.

Emergency Reserve:

The **Emergency Reserve** funding target is currently set at \$40 million to provide interim appropriations and immediate funding for unforeseen needs or events. The Emergency Reserves will be assessed annually and the Authority Treasurer will propose recommended changes as needed for Board approval.

Capital Reserve:

The Capital Reserve funding target is currently set at \$81 million. Per current policy, the Capital Reserve account is to provide funds for appropriation of unforeseen and unplanned capital needs.

Note 1: Major Projects may be comprised of a variety of sub-projects for which appropriations will be allocated, administered and accounted for as separate "Projects" at the PCWA project management level, as PCWA is the lead entity for MFP Projects. For budgeting purposes, the **Total Estimated Project Cost** for the powerhouse reliability upgrades projects is defined as "**Ongoing**" because underlying sub-projects will be added, completed and removed over time.

Note 2: At the end of 2023, there was ongoing litigation to resolve the failed Communication Towers at Bunker Hill. This caused a large outstanding encumbrance to carryover into 2024, and is expected to be resolved in Q4.

RE: Proposed 2025 MFP Finance Authority Annual Budget

<u>Overview</u>

Attached herewith is the Proposed 2025 Middle Fork Project Finance Authority (Authority) Budget totaling \$80.9 million, which is comprised of a \$39.4 million operating budget and a \$41.5 million capital budget. The 5-year Budget is provided with 2024 (Adjusted and Projection), the Proposed 2025 Budget (amounts **bolded**), as well as the following four years (2026 - 2029) in the following attached schedules:

- Budget Schedule Years 2024 2029
- Reserve Schedule Years 2024 2029
- MFP Capital Plan as funded by the Authority 2025 2029

In accordance with the Authority's General Financial Policies, the budget was prepared with the consultation and involvement of both Placer County Water Agency and Placer County staff for presentation to the Authority Board.

The following pages provide additional details regarding budgetary changes from 2024, discussion and analysis, and other background information.

2025 Proposed Budget - Overview

Power Sales:

The Proposed 2025 Power Sales revenue reflects a \$29.1 million increase or 56.4% from the Adjusted 2024 Budget. Power Sales is comprised of two primary sources: Energy and Energy Products. Energy and ancillary services are sold directly in the California Independent System Operator (CAISO) while the Energy Products component of Power Sales are conveyed through short-term bilateral agreements. The Energy component of the Power Sales budget is based on 80% of average generation and projected energy prices from the forward price curve. The Horizons Energy Hydrology Stochastic Analysis completed in September 2022 noted that over the past 20 years (2002 – 2021), average generation has trended down. Beginning with the

2023 Budget, the annual Power Sales Energy component Budget commenced using this new average generation of 850,000 MWh at 80% calculating the Power Sales budget, which totals 680,000 MWh. The forecasted power prices have trended down, resulting in slightly lower budgeted Power Sales Revenue for Energy in 2025 compared to the Adjusted 2024 Budget.

The Energy Products component of the Power Sales budget includes revenue from resource adequacy contracts, renewable energy credits and carbon-free contracts. The revenue total from these bilateral contracts increased in the 2025 Proposed Budget as compared to the 2024 Adjusted Budget, largely driven by a significant increase in resource adequacy contracted prices. This price increase is a result of the California Public Utilities Commission's (CPUC) new mandate for load serving entities (LSE) to increase their reserve margin from 110% to almost 120%. In order for CAISO to maintain the electric grid reliability during severe temperature and weather events, CPUC is requiring all California LSE to increase the reserve margin. Contributing to the increased renewable prices is the phasing out of fossil fuel generators, which are being replaced with renewable resources such as wind and solar. In addition, CAISO requires battery resources to demonstrate that they have the energy supply to recharge the batteries. Therefore, with the increase in reserve margins and lack of dispatchable energy supplies, resource adequacy value along with renewable energy credits and carbon-free products have escalated in the foreseeable future.

The 2025 **Total Operating Expenditures** increased \$2.3 million, or 6.3% compared with the Adjusted 2024 Budget. The following discussion provides a comparison between the Adjusted 2024 Budget and the Proposed 2025 Budget for the Operating Budget Expenditures:

Administration:

The Proposed 2025 Budget amounts remain the same as the 2024 Adjusted Budget at \$211,300.

PCWA Power Division – Operating:

Power Operations is increased by \$2.5 million, or 15% from the 2024 Adjusted Budget. A significant portion of this increase is in Contracted Services with a \$883,000 increase in anticipated consulting services for efforts that includes the LL Anderson Crest Material Investigation, LL Anderson P12 Comprehensive Assessment, Asset Management Study, as well as a contingency for the FERC 5-year dam inspections, a \$210,000 increase in surveying for French Meadows and Hell Hole reservoirs bathymetry, and a \$158,000 increase for the microwave system upgrade. Additionally, in Operating Services, facilities repair increased \$703,000 for required periodic civil dam inspections, dam vegetation

clearing, electrical repairs for aging equipment, and an increase of \$154,000 for software licensing. Finally, a \$488,000 increase in Personnel Services resulting from the 3% COLA increase to labor and anticipated increases in labor for the Power salary survey.

General and Administrative is increasing by \$494,000, or 6.7%, is the result of increases to: 1. Personnel Services is increasing \$240,000 based on the required unfunded accrued pension liability as well as a 3% COLA increase to labor; 2. Insurance is increasing \$198,000 because of rising premiums in an increasingly hard insurance market; 3. Service Level Support is increasing \$73,000 resulting from increased departmental support costs shared through the cost allocation plan.

Natural Resources Management is decreasing by \$296,000, or 7.6% from the 2024 Adjusted Budget, a result of FERC License Operating Implementation costs that are budgeted to decrease in accordance with specific contracts as the Agency moves into the monitoring phase of the plan, decreasing \$213,000. Additionally, a decrease of \$82,000 in cost share partnerships.

Power Resources Management is increasing by \$11,000, or 0.7% from the 2024 Adjusted Budget, a result of an increase in forecasting tools, travel and training, and a decrease in consulting needs.

Routine Capital is decreasing by \$433,000 with less computer and equipment replacement purchases planned for 2025. The 2025 routine capital budget does include the replacement of four vehicles, a new skip loader and portable generator at the Middle Fork Powerhouse.

Debt Service 2025 Proposed budget is \$5.4 million. This is per the debt service maturity schedule and is the amount required to continue the debt service pre-funding program the Board approved and implemented in 2020.

Capital Plan – The 2025 Capital Projects appropriations and 5-Year Capital Plan reflect necessary investments in infrastructure, as determined by three significant factors: the FERC license requirements, continual renewal and replacement of existing aging capital infrastructure and any remaining revenue upgrade projects.

The Proposed 2025 MFP Capital Plan appropriations total \$41.5 million, and are segmented into two broad categories:

- 1. Upgrades and Renewal, Replacement and Reliability Projects, and
- 2. FERC License Implementation Projects.

The first category of <u>Upgrades and Renewal, Replacement and Reliability Projects</u> are capital projects that are recurring and are required to maintain the operational effectiveness of the Middle Fork Project. Conversely, Upgrades are considered infrequent expenditures (performed every 20 – 30 years) as these projects implement new technology and enhance generation flexibility for more efficient, effective, and improved generating or operating capabilities of the MFP. Over the next 5-years, this Capital Plan category totals \$93.0 million or 62% of the total projected 5-year Capital Plan.

The second category of <u>FERC License Implementation Projects</u> are considered "one-time" capital projects which total \$56.0 million or 38% of the 5-year total projected Capital Plan. These capital projects are required by the new FERC License (License). The issuance of the License in June 2020 began a timeline under which certain capital projects must be completed in accordance with the License requirements, ranging from 2 to 15 years. To meet this timeline, the Authority will incur substantial capital outlay costs related to the FERC License Implementation over the next 4 years and beyond.

Continued impacts were felt in 2024 as a result of the Mosquito Fire burn scars and damage sustained to Mosquito Ridge Road (MRR) during the 2022-23 winter. In addition to the administrative closure of the forest, November 2023 through May 2024 saw physical closures of the MRR by Tahoe National Forest and the National Highway Administration while Federal contractors repaired four damaged sections of the MRR. During that time, access to the project was only possible via Eleven Pines Road through the Eldorado National Forest which severely impacted travel times and limited access to the Middle Fork Project facilities. Road repairs were completed in May 2024 and the administrative closure of MRR was cancelled just prior to Memorial Day weekend. Because of the road closure through mid-2024, this affected operations and capital project execution, therefore some projects in the 5-year capital plan have been reprioritized or pushed out.

Reserves – The Authority's General Financial Policies requires reserve funding which is rooted in the Authority's JPA requirement to establish and maintain prudent reserve levels. This Policy sets forth three reserve categories: Operating, Capital, and Emergency. Reserve funding and reporting is to be part of the annual budget process. At the January 2024 Board meeting, the Board took action to further increase the reserve funding targets by moving Emergency Reserve Funding target to \$40 million. The Capital Reserve Funding Target is based on year's 2 and 3 of

the Budgeted Capital Plan with a \$25 million floor. The reserve category full funding targets in priority funding order with the funding amount set by the Authority Treasurer, as follows:

Operating Reserve: The Operating Reserve funding target is one year of operating expenditures, based on the Proposed Budget, currently at \$34.0 million.

Emergency Reserve: The Emergency Reserve funding target is currently set at \$40 million to provide interim appropriations and immediate funding for unforeseen needs or events, primarily for insurance deductible.

Capital Reserve: The Capital Reserve funding target is currently set at \$63.3 million. Per policy, the Capital Reserve account is to provide funds for appropriation of unforeseen and unplanned capital needs.

Per Policy, the Operating Reserve is to be fully funded prior to funding the Emergency and Capital Reserves or reporting net revenue. Based on the 2024 Projection, the Operating and Emergency reserve targets plan to be fully funded at year-end 2024. The Capital Reserves will not be fully funded at year-end 2024.

Pursuant to the Authority's General Financial Policy, funds shall be appropriated and encumbered for the budgeted purposes once the Authority Board approves the annual budget.

Five Year Budget Schedule (2025 – 2029)

In the Budget Schedule, Power Sales revenue exhibits an increase in years 2025 - 2027 because of an increase in energy products revenue as a result of new contracts for resource adequacy (2025-2027), renewable energy credits (2025-2026) and carbon free (2025-2026).

The 5-year Capital Plan totals \$149 million. Some significant projects in the 5-year plan include Middle Fork Powerhouse and Ralston Powerhouse Transformer Replacements, Sediment Removal and Hell Hole Outlet Works Upgrade.

The Proposed 2025 5-year Budget, with power sales revenue budgeted at 80% of the historical average and the increased energy products revenue, is not expected to use Reserves to balance the respective year's Budgets. The ever-changing nature of the energy market and its underlying prices create future revenue uncertainties. New regulatory requirements, inflationary pressures, aging facilities and risk mitigation/insurance needs will impact current projections. The 2026-2029 projections are subject to change, which will be reported to the Board as needed or annually in future budget processes. Once the bulk of the FERC license capital projects are completed, the Capital Reserve is projected to be replenished and fully funded by end of year 2028.

Budget Schedule Years 2024 - 2029

		Adjusted	Projection	Proposed	Projected	Projected	Projected	Projected	Total

Capital Reserve		3,856,589	5,799,137	6,590,909	21,620,929	37,703,675	38,520,000	40,000,000	40,000,000
Total	Ś	58,949,711	79,850,511	80.642.283	95,948,929	113.178.375	114,918,600	115,763,700	115,763,700
. 5441	7	30,343,711	73,030,311	00,042,200	33,340,323	113,173,373	11-7,510,000	113,703,700	113,703,700

Note 1: Significant uncertainties exist in Revenue, Operating Costs and Capital Outlay. The ever-changing nature of the energy market and its underlying prices create future revenue uncertainties. New regulatory requirements, inflationary pressures, aging facilities and risk mitigation/insurance needs will impact the current projections. The 2026-2029 projections are subject to change, which will be reported to the Board as needed or annually in future budget processes.

Note 2: Power Sales revenue for years 2025-2029 is based on 80% of the 20 year historical average of 850,000 MWh per Policy, which provides an intended conservative revenue budget.

Note 3: At Decerivi F.P. Regular Meeting vill-toote prof. An 2024al \$2.9 million in principal and \$1.3 million in interest will be paid (prefunded), and will be held by the Trustee at December 31, 259.

Reserve Schedule Years 2024 - 2029

		Adjusted 2024	Projection 2024	Proposed 2025	Projected 2026	Projected 2027	Projected 2028	Projected 2029
Operating Reserve [First Priority - (Note 1)]:	Target	31,715,651	34,051,374	34,051,374	34,328,000	35,474,700	36,398,600	35,763,700

Contributions and Uses		-	16,622,529	-	-	-	-	-
Balance End of Year		\$ 23,377,471	40,000,000	40,000,000	40,000,000	40,000,000	40,000,000	40,000,000
Amount Needed to Meet the Target		(16,622,529)	-	-	-	-	-	-
Capital Reserve [Third Priority - (Note 3)]:	Target	81,000,000	63,280,000	63,280,000	58,180,000	44,265,000	38,520,000	40,000,000
Beginning of Year		\$ 3,856,589	3,856,589	5,799,137	6,590,909	21,620,929	37,703,675	38,520,000
Contributions and Uses		-	1,942,548	791,772	15,030,020	16,082,746	816,325	1,480,000
Balance End of Year		\$ 3,856,589	5,799,137	6,590,909	21,620,929	37,703,675	38,520,000	40,000,000
Amount Needed to Meet the Target		\$ (77,143,411)	\$ (57,480,863)	(56,689,091)	(36,559,071)	(6,561,325)	-	-
Total Reserve Balance		\$ 58,949,711	79,850,511	80,642,283	95,948,929	113,178,375	114,918,600	115,763,700

Note 1: The **Operating Reserve** funding target is one year of operating expenditures, currently set at \$34 million. The Operating Reserve account is to provide readily available cash to operate the MFP under conditions of significantly reduced revenue due to hydrology, energy prices and/or prolonged outages or unanticipated variations in expenses.

Note 2: The Emergency Reserve is to provide interim appropriations and immediate funding for unforeseen needs or events, primarily insurance deductible. PCWA will annually assess the level of Emergency Reserve and the Authority Treasurer will propose recommended changes as needed for Board approval. For 2025 the Emergency Reserve funding target is \$40 million.

Note 3: The Capital Reserve is to provide funds for appropriation of unforeseen and unplanned capital needs. The target is based on years' 2 and 3 of the 5-year Budgeted Capital Plan with a \$25 million floor. The 2025 Capital Reserve funding target is \$63.3 million.

TO1	TOTAL CAPITAL PROJECTS						30,845,000	32,435,000	25,745,000	18,520,000	149,010,000

Note 1: Major Projects are projects that exceed \$1 million in total estimated project cost. These projects may be comprised of a variety of sub-projects for which appropriations will be allocated, administered and accounted for as separate "Projects" at the PCWA project management level, as PCWA is the lead entity for MFP projects.

Note 2: Total Estimated Project Cost may include prior funding and completed sub-projects. These costs for the powerhouse reliability projects are defined as "Ongoing" because underlying sub-projects will be added, completed and removed over time. Stand alone Project Cost estimates are continually updated as the scope of the project may evolve over time.

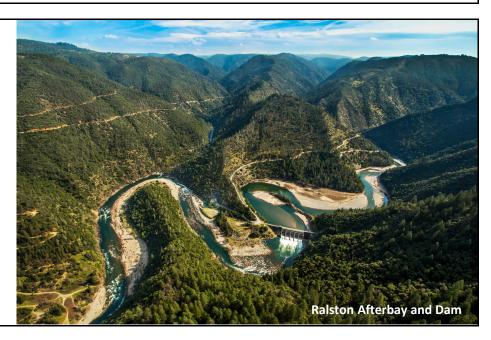

MFP Capital Plan

As Funded by the Middle Fork Project Finance Authority 2025 - 2029

Minor Projects - Total

Minor Projects - Total is comprised of the following sub-projects:

1. Project Adjustment Fund

Funding Source	Proposed 2025	Projected 2026	Projected 2027	Projected 2028	Projected 2029	Total
Middle Fork Project Finance Authority	\$ 500,000	700,000	-	-	-	1,200,000

Minor Projects are defined as projects with a total estimated project cost equal to or less than \$1 million dollars and are included in the MFPFA Capital Plan as one total amount. This amount is comprised of a variety of subprojects that will be allocated, administered and accounted for as "Projects" through PCWA's budget and accounting system, as PCWA is the lead entity for MFP projects.

MFP Capital Plan

As Funded by the Middle Fork Project Finance Authority 2025 - 2029

Long Canyon Project Project Number: 22036P

Project Category: Major-Authorized

Project Lead: SARM

Project Type: Environmental

Long Canyon Project (formerly known as Middle Fork Project Forest Management) will expand the forest thinning activities begun as part of the French Meadows Project throughout the watershed in an effort to reduce the threat of extreme wildfires and the associated impacts to MFP infrastructure, water quality, recreation, and the environment.

Funding Source	Total Estimated Project Cost	Proposed 2025	Projected 2026	Projected 2027	Projected 2028	Projected 2029	Total
Middle Fork Project Finance Authority	\$ 2,250,000	400,000	400,000	300,000	300,000	300,000	1,700,000

MFP Capital Plan

As Funded by the Middle Fork Project Finance Authority 2025 - 2029

Backup Generator Upgrades

Project Category: Major-Authorized

Project Lead: Power Project Type: Plant

This project will examine backup diesel generator needs at the powerhouses. Powerhouses that do not currently have backup diesel generator power will be evaluated for installation of new diesel generators. Powerhouses that currently have diesel generators will be evaluated for replacement of the existing diesel generator.

Funding Source	Total Estimated Project Cost	Proposed 2025	Projected 2026	Projected 2027	Projected 2028	Projected 2029	Total
Middle Fork Project Finance Authority	\$ 2,350,000		2,000,000	100,000		-	2,100,000

MFP Capital Plan

As Funded by the Middle Fork Project Finance Authority 2025 - 2029

ERP System

Project Category: Major-Authorized

Project Lead: IT

Project Type: Computer Systems

Power System will pay a share of the costs for the replacement of the Agency's existing Enterprise Resource Planning (ERP) software system. The integrated software includes financials, work orders, inventory, and HR.

Funding Source	Proposed 2025	Projected 2026	Projected 2027	Projected 2028	Projected 2029	Total
Middle Fork Project Finance Authority	\$ 200,000	1	-	-	-	200,000

Minor Projects are defined as projects with a total estimated project cost equal to or less than \$1 million dollars and are included in the MFPFA Capital Plan as one total amount. This amount is comprised of a variety of subprojects that will be allocated, administered and accounted for as "Projects" through PCWA's budget and accounting system, as PCWA is the lead entity for MFP projects.

MFP Capital Plan

As Funded by the Middle Fork Project Finance Authority 2025-2029

French Meadows Forest Management

Project Number: 17004P

Project Category: Major-Authorized

Project Lead: SARM

Project Type: Environmental

The French Meadows Project aims to accelerate ecologically-based forest and watershed restoration on approximately 28,000 acres of Tahoe National Forest and private lands around the French Meadows Reservoir through a shared stewardship approach involving collaborative management, diverse fundraising, innovative project implementation, and watershed research.

Funding Source	Total Estimated Project Cost	Proposed 2025	Projected 2026	Projected 2027	Projected 2028	Projected 2029	Total
Middle Fork Project Finance Authority	\$ 3,000,000	250,000	50,000	50,000	50,000	50,000	450,000

MFP Capital Plan

As Funded by the Middle Fork Project Finance Authority 2025 - 2029

French Meadows Powerhouse Reliability Upgrades

Project Number: 14007P

Project Category: Major-Authorized

Project Lead: Power
Project Type: Plant

Powerhouse reliability upgrades encompass projects that will sustain or increase generator availability (the percentage of time a generator is available to be synchronized to the grid and produce electricity) and projects that will improve employee safety.

- 1. French Meadows Penstock Interior Inspection and Relining
- 2. French Meadows Penstock Exterior Coating Inspection
- 3. French Meadows Powerhouse Generator and GSU Protection Upgrade
- 4. French Meadows Powerhouse Turbine PRV Replacement
- 5. French Meadows Powerhouse TRU Replacement
- 6. LL Anderson Dam Crest Improvements
- 7. LL Anderson Dam Log Boom Replacement

	Total Estimated	Proposed	Projected	Projected	Projected	Projected	
Funding Source	Project Cost	2025	2026	2027	2028	2029	Total
Middle Fork Project Finance Authority	Ongoing	\$ 2,825,000	1,300,000	9,950,000	3,400,000	3,600,000	21,075,000

MFP Capital Plan

As Funded by the Middle Fork Project Finance Authority 2025 - 2029

Hell Hole Powerhouse Reliability Upgrades

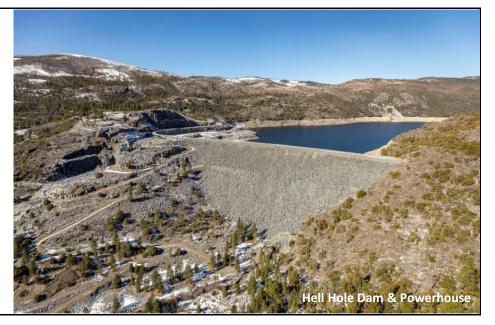

Project Number: 14003P

Project Category: Major-Authorized

Project Lead: Power
Project Type: Plant

Powerhouse reliability upgrades encompass projects that will sustain or increase generator availability (the percentage of time a generator is available to be synchronized to the grid and produce electricity) and projects that will improve employee safety.

1. Hell Hole Substation

Funding Source	Total Estimated Project Cost	Proposed 2025	Projected 2026	Projected 2027	Projected 2028	Projected 2029	Total
Middle Fork Project Finance Authority	Ongoing	\$ 800,000	8,620,000	250,000	2,500,000	-	12,170,000

MFP Capital Plan

As Funded by the Middle Fork Project Finance Authority 2025 - 2029

Middle Fork Powerhouse Reliability Upgrades

Project Number: 14009P

Project Category: Major-Authorized

Project Lead: Power
Project Type: Plant

Powerhouse reliability upgrades encompass projects that will sustain or increase generator availability (the percentage of time a generator is available to be synchronized to the grid and produce electricity) and projects that will improve employee safety.

- 1. Middle Fork Penstock Internal Coating
- 2. Middle Fork Powerhouse Main Transformer and Bus Protection Replacement
- 3. Middle Fork Powerhouse Transformer Replacement
- 4. Middle Fork Powerhouse Online Partial Discharge Monitoring Upgrade
- 5. MF Penstock Drainage
- 6. Middle Fork Penstock External Coating Inspection
- 7. Middle Fork Powerhouse Plant RTU Replacement
- 8. Interbay Dam Radial Gate Structural Retrofit

	Total Estimated	Proposed	Projected	Projected	Projected	Projected	
Funding Source	Project Cost	2025	2026	2027	2028	2029	Total
Middle Fork Project Finance Authority	Ongoing	\$ 6,150,000	2,345,000	3,275,000	2,775,000	5,000,000	19,545,000

MFP Capital Plan

As Funded by the Middle Fork Project Finance Authority 2025 - 2029

Oxbow Powerhouse Reliability Upgrades

Project Number: 14010P

Project Category: Major-Authorized

Project Lead: Power
Project Type: Plant

Powerhouse reliability upgrades encompass projects that will sustain or increase generator availability (the percentage of time a generator is available to be synchronized to the grid and produce electricity) and projects that will improve employee safety.

- 1. Oxbow Powerhouse Plant RTU Replacement
- 2. Abay Dam Radial Gate Structural Retrofit
- 3. Abay Dam Radial Gate Hoist Improvement
- 4. Abay Dam Lift Joint "Body" Drains
- 5. After-Bay LLO Gate Modifications
- 6. Oxbow Powerhouse Battery Bank Online Monitoring Equipment Upgrade
- 7. After-Bay Log Boom Replacement

	Total Estimated	Proposed	Projected	Projected	Projected	Projected	
Funding Source	Project Cost	2025	2026	2027	2028	2029	Total
Middle Fork Project Finance Authority	Ongoing	\$ 2,770,000	2,100,000	1,700,000	800,000	2,000,000	9,370,000

MFP Capital Plan

As Funded by the Middle Fork Project Finance Authority 2025 - 2029

Ralston Powerhouse Reliability Upgrades

Project Number: 14012P

Project Category: Major-Authorized

Project Lead: Power
Project Type: Plant

Powerhouse reliability upgrades encompass projects that will sustain or increase generator availability (the percentage of time a generator is available to be synchronized to the grid and produce electricity) and projects that will improve employee safety.

- 1. Ralston Penstock Internal Relining
- 2. Ralston Powerhouse Online Partial Discharge Monitoring Upgrade
- 3. Ralston Powerhouse Main Transformer Replacement
- 4. Ralston Penstock External Coating Inspection
- 5. Ralston Powerhouse Battery Bank Online Monitoring Equipment Upgrade

	Total Estimated	Proposed	Projected	Projected	Projected	Projected	
Funding Source	Project Cost	2025	2026	2027	2028	2029	Total
Middle Fork Project Finance Authority	Ongoing	\$ 6,770,000	2,450,000	1,150,000	1,000,000	600,000	11,970,000

MFP Capital Plan

As Funded by the Middle Fork Project Finance Authority 2025 - 2029

FERC License Implementation - Project Infrastructure

Project Number: 14013P

Project Category: Major-Authorized

Project Lead: Power
Project Type: Plant

These capital projects consist of infrastructure work required under the new FERC license. The work includes:

- 1. Duncan Creek Diversion Dam Upgrade and & Recreation Trail
- 2. South Fork Long Canyon Diversion Upgrades
- 3. North Fork Long Canyon Diversion Upgrades
- 4. Hell Hole Dam Seasonal Storage
- 5. Hell Hole Outlet Works Upgrade
- 6. Interbay Dam LLO Gate Modifications
- 7. Middle Fork Project Cooperative Road Management
- 8. Ralston Afterbay Sediment Relocation Plan

	Total Estimated	Proposed	Projected	Projected	Projected	Projected	
Funding Source	Project Cost	2025	2026	2027	2028	2029	Total
Middle Fork Project Finance Authority	\$ 85,000,000	12,500,000	1,990,000	3,840,000	6,900,000	3,150,000	28,380,000

PLACER COUNTY WATER AGENCY

MFP Capital Plan

As Funded by the Middle Fork Project Finance Authority 2025 - 2029

FERC License Implementation - Project Recreation Facilities

Project Number: 14014P

Project Category: Major-Authorized
Project Lead: Engineering
Project Type: Environmental

This project consists of work to rehabilitate recreational facilities that will be required by the new FERC license. The work includes:

- 1. French Meadows South Shore Water Supply
- 2. Indian Bar River Access
- 3. French Meadows Campground and Dump Station
- 4. Hell Hole Recreation Work Station & Storage Facility for USFS
- 5. Hell Hole Support Facilities Water Supply
- 6. French Meadows Boat Ramp Extension and Picnic Area
- 7. French Meadows North Shore Water Supply
- 8. McGuire Picnic Area Conversion to Group Campground
- 9. Lewis Campground
- 10. Afterbay Picnic Area
- 11. Hell Hole Worker Campground
- 12. Middle Fork Powerhouse Pedestrian Bypass
- 13. Abay Sediment Removal Access Point
- 14. Hell Hole Boat Ramp Extension
- 15. Ahart Campground
- 16. Gates Group Campground
- 17. MF Stream Gage Trail Improvements
- 18. Middle Meadows Campground Vertical Well
- 19. HH Parking Improvements
- 20. HH and Big Meadows Campground

Funding Source	Total Estimated Project Cost	Proposed 2025	Projected 2026	Projected 2027	Projected 2028	Projected 2029	Total
Middle Fork Project Finance Authority	\$ 64,000,000	5,050,000	6,390,000	9,320,000	5,520,000	1,320,000	27,600,000

This project is a Major Project, or project category, with a total estimated project cost at more than \$1 million, as defined by MFPFA policy as Potential, Planned or Authorized. Major Projects may be comprised of a variety of subprojects that will be allocated, administered and accounted for as separate "Projects" through PCWA's accounting system, as PCWA is the lead entity for MFP projects.

PLACER COUNTY WATER AGENCY

MFP Capital Plan

As Funded by the Middle Fork Project Finance Authority 2025 - 2029

Sediment Removal Project Number: 23027P

Project Category: Major-Authorized

Project Lead: Power Project Type: Plant

These capital projects consist of sediment removal. The work includes:

- 1. Ralston Afterbay Sediment Removal (Mosquito Fire)
- 2. Interbay Sediment Removal

	Total Estimated	Proposed	Projected	Projected	Projected	Projected	
Funding Source	Project Cost	2025	2026	2027	2028	2029	Total
Middle Fork Project Finance Authority	\$ 24,000,000	3,250,000	2,500,000	2,500,000	2,500,000	2,500,000	13,250,000

This project is a Major Project, or project category, with a total estimated project cost at more than \$1 million, as defined by MFPFA policy as Potential, Planned or Authorized. Major Projects may be comprised of a variety of subprojects that will be allocated, administered and accounted for as separate "Projects" through PCWA's accounting system, as PCWA is the lead entity for MFP projects.

Revenue

Ralston Afterbay Stream Maintenance Valve

Power Sales Revenue is increasing **\$29.1 million** or 56.4% compared to the Adjusted 2024 Budget

- Energy Revenue is budgeted at 80% of average generation, or 680,000 MWh.
- Energy Products Revenue is driving this increase due to resource adequacy contacted prices.

Interest Income increased but the projected and proposed Budget amounts remain conservative

-	Adjusted	Projection	Proposed
	2024	2024	2025
\$	31,290,000	46,800,000	30,830,000
	20,309,200	25,700,000	49,885,896
	51,599,200	72,500,000	80,715,896

37,122,651

Total Operating Expenditures

PCWA Power Division – Operating Detail

	Adjusted Proposed 2024 2025		\$ Variance	% Variance
PCWA Power Division - Operating:				
Power Operations	\$ 17,104,122	19,664,003	2,559,881	15.0%
General and Administrative	7,401,215	7,894,869	493,654	6.7%
Natural Resources Management	3,905,887	3,609,771	(296,116)	-7.6%
Power Resources Management	1,645,227	1,656,431	11,204	0.7%
Routine Capital	1,447,900	1,015,000	(432,900)	-29.9%
Total PCWA Power Division - Operating	\$ 31,504,351	33,840,074	2,335,723	7.4%

Power Operations – Increase of \$883k in consulting services for LL Anderson Crest Material Investigation and Asset Management Study, increase of \$210k in surveying for French Meadows and Hell Hole reservoir bathymetry, increase in facilities repair of \$703k for periodic dam inspections and vegetation clearing. Additionally, a net increase of \$488k in Personnel Services for the 3% COLA and anticipated increases in labor for the Power salary survey.

General and Admin – Increase of \$240k based on the required unfunded accrued pension liability, Insurance increasing \$198k due to rising premiums, and Service Level support increasing \$73k.

Natural Resources Management – Decrease of \$213k in FERC License Operating Implementation costs as the focus is on monitoring the plan, and a decrease of \$82k in cost share partnerships.

Power Resources Management – Increase in forecasting tools offset by a decrease in consulting needs.

Routine Capital – Decrease in planned replacements for computers, equipment and tools, and an increase for replacement vehicles, a skip loader and portable generator.

2025 Capital Plan Appropriations

Upgrades & Renewal, Replacement and Reliability projects account for 58% of the 2025 Capital Plan and include projects such as Sediment Removal and Main Transformer Replacements.

FERC License Implementation projects account for 42% of the 2025 Capital Plan as certain projects must be completed in accordance with the FERC License requirements.

owerhouse	Adjusted 2024		Proposed 2025
